MILWAUKEE: Monday Morning, June 22.

Still "Blind of One Eye." The News continues to harp upon the disabilities to which foreign, in common with native born residents, in New Hampshire and Connecticut, are subjected by the reading and writing qualifications required of all voters. This the News bolds to be unjust, dishonest and proscriptive; aimed specially at "Adopted Citizens," and illustrative of "Black Republicanism." Whereupon this one-sided organ affects a world of indignant astonishment that the Republicans in Wisconsin should have the impudence to ask the co-operation of that class of voters, who are thus "degraded" and "oppressed" in some of the New England

The Republicans of Wisconsin are not refor the local legislation of Connecticut or New Hampshire; and they can point to their own deciaration of principles and corresponding action in proof of their just and friendly sentiments towards our Adopted Citizens. Nor srethe New England States the only ones in which Adopted Citizens have reason to complain of invidious, or oppressive legislation. In South Caroline, an exclusively Democratic State, a law has recently been passed compelling foreigners to reside two years in the State, after being naturalized, before being allowed to vote. Nothing so "proscriptive" as this has been done by Connecticut, or New Hampshire. In Kansas, the Democratic Border Ruftian Legislature disfranchised, at a blow, thousands of foreign born residents whom the organic law of the territory allowed to vote. This wholesale prescription is approved and sustained by the Democratic National Administration, and by the entire Democratic press and party. And "yet here in Wisconsin the Democrats have the impudence to invite" the co- to be sold to supply the sinews of war. operation of the same class of voters, whom the thus proscribe and degrade in Kausas, in South

The News has backed so far down from its original claim of "an overwhelming Democratic triumph" in Minnesota, as to admit that "the Convention is very close." It indemnifies it off, however, for this approximation to the truth, by charging the Republicans with unheard of and impossible fraud. That, of course, is merely a device to let its friends down easy, after exalting them so high, by its premature hurrans over the

THE NEW U. S. MARSHAL. -On Friday last Mr. M. J. THOMAS entered upon the discharge of his duties as U. S. Marshal for Wisconsin, relansing Mr. S. V. R. ABLEMAN, who has made a good officer, and is an indisputable Democrat, but who fell a not unwilling victim to the doctrine of "rotation." Mr. Thomas has appointed Mr. D. C. REED, of the Fifth Ward, as his Deputy for this city and county; a very fair selection. have said our say about Mr. Thomas, and the press of the State has been quite cordial and muanimons in speaking well of his appointment. Let us hope that he will justify the good opinions of his professional brethren.

THE CONVENTION LAST WEEK .- The News OF Saturday informs its readers that we "kept away from the Convention" of the 17th instant, fearing "the imputation of discreditable assecia tions." The News is wrong, as usual. We at tended the Convention and desire no better "associates," political, or social, than those we had the pleasure of meeting there.

Yes, and if the above papers intend to make anti-Barstowism "the test of Democracy in a candidate for Governor," they will find themselves more than "comparatively alone" in their nicre than infamous position.—Sheboygan Journal

We hope that our brethran of the Democratic press will not get excited about their candidate for Governor. It would be a pity to disturb the delightful "harmony" which now pervades its ranks, and thus give an easy victory to the "Black Republicans." Certainly it is not worth their while to quarrel about "Barstow" or my other leading member of "the Forty," since by common consent, they have been "dropped from the roll" of probable candidates.

The New York News announces the conversion of Mr. Chauncey Shaffer, the well known lawyer, to the Democratic faith.—American. It is no conversion. Chauncer is a promi nent Know-Nothing, and his instincts and affin ities are naturally with the Sham Democracy.

A HARD CASE-EFFECTS OF RUM. - A young man named O'Connor was brought before the Police Justice on Saturday last, for being drunk and disorderly and beating his wife. He was fined \$20 and sent to fall for 40 days in default of the same. G'Oonner has often een fined before for the same offence, and the parents of his much abused wife have invariably pail his facts and released him, in hopes that he would do better in the fature, but he, unfortunate man, is a siave to rum, and like most of life votaries of that false god, is unable to loosen bilmself from its cursed fetters, and is not satisfied rulning himself, but to gratify the demon which posseeres him, he shamefully abuses his wife and innoven child. He has been married but two years, and his wife is quite a young and intelligent woman, and had it not bean for the hellsh effects of whiskey, there would protably be no happier pair than they. It was truly a mei-ancholy sight, to see the innocect, laughing babe in the arms of the young mother, in such a place as a Police Court, and she making a complaint against him, who one would suppose, if every spark of manhood had not been extinguished by rum, under such circumstances would be her best friend and protector.
